Match Details (Stats, H2H, Odds Comparison)

Provides Stats and Trends for a single match. This endpoint includes general stats, H2H data, as well as Odds comparison for a certain match.

Get Match

GET `https://api.football-data-api.com/match?key=YOURKEY&match_id=1`

Sample Response (Access the URL below)

`https://api.football-data-api.com/match?key=example&match_id=579101`

This endpoint provides details on a single match, including stats full odds, and trends. The difference between this and the League Match endpoint is that the Match Details endpoint provides Trends and Lineups of the teams as extra data. Head to Head stats are also provided by default on this endpoint.

Query Parameters
